

SWISS YEAST MEETING 2010 - SEPTEMBER 6-7
UNIVERSITY OF FRIBOURG, SWITZERLAND
3^{ème} Cycle Romand en Sciences Biologiques

Day	Time	Speaker	Title
Monday September 6	09:00-13:10	Session 1 Chair: Claudio De Virgilio	Signal Transduction and Growth Control
	09:00-09:40	Ted Powers (USA)	TOR Complex 2: assembly, regulation, and function
	09:40-10:20	Bruno André (B)	Multiple roles of ubiquitin in regulation of yeast amino acid permeases
	10:20-10:40	TBA	
	10:40-11:00	TBA	
	11:00-11:30	Coffee break	
	11:30-11:50	TBA	
	11:50-12:30	Hans-Ulrich Mösch (D)	Control of cellular adhesion in <i>Saccharomyces cerevisiae</i>
	12:30-13:10	Paul K. Herman (USA)	The coordinate control of autophagy by the Ras and Tor signaling pathways
	13:10-14:10	Lunch	
	14:10-18:50	Session 2 Chair: Andreas Mayer	Autophagy
	14:10-14:50	Lois S. Weisman (USA)	New roles for the signaling lipid phosphatidylinositol 3,5 bis phosphate
	14:50-15:30	Yasuyoshi Sakai (JPN)	Vacuole dynamics during microautophagy
	15:30-15:50	TBA	
	15:50-16:10	TBA	
	16:10-17:10	Poster Session 1 (odd numbers), Coffee and cookies	
17:10-17:30	TBA		
17:30-18:10	Yoshinori Ohsumi (JPN)	Genetic dissection of autophagy in yeast	
18:10-18:50	David S. Goldfarb (USA)	Piecemeal microautophagy of the nucleus	
19:00	Dinner		
Tuesday September 7	08:30-12:20	Session 3 Chair: Roger Schneiter	Membrane and Lipid Dynamics
	08:30-09:10	Todd R. Graham (USA)	The many influences of phospholipid flippases on membrane biogenesis
	09:10-09:50	Akihiko Nakano (JPN)	Mechanistic insights into the membrane trafficking through and around the Golgi apparatus
	09:50-10:10	TBA	
	10:10-10:40	Coffee break	
	10:40-11:00	TBA	
	11:00-11:40	Christian Ungermann (D)	Control of membrane fusion and organelle identity by tethering complexes
	11:40-12:20	Widmar Tanner (D)	Raft-like compartmentation of the yeast plasma membrane
	12:20-13:30	Lunch	
	13:30-14:30	Poster Session 2 (even numbers)	
	14:30-18:00	Session 4 Chair: Françoise Stutz	Control of Gene Expression
	14:30-15:10	Andrés Aguilera (ESP)	Genome instability: from transcription to DNA repair
	15:10-15:50	Alain Jacquier (FRA)	Hidden transcription in yeast and regulation
	15:50-16:10	TBA	
	16:10-16:30	TBA	
	16:30-17:00	Coffee break	
17:00-17:20	TBA		
17:20-18:00	Jane Mellor (UK)	Signalling to chromatin and transcription
